Description of Composting Facility	
<p>Enrich Environmental Ltd. was originally established in 2002 as a landscape and grounds maintenance company. In 2004 the company diversified its activities into the manufacture and supply of horticultural products based upon composted green material from its facility in Kilcock, Co. Meath.</p> <p>Using an open windrow composting system, we can maintain a suitable environment in which the naturally occurring microorganisms can multiply and decompose the plant tissue.</p> <p>Enrich products are being sold into the horticulture and landscape markets nationwide. Enrich work in conjunction with a number of landscape supply depots to provide a one-stop shop where landscape contractors can source products and leave their garden material.</p> <p>In addition we offer services:</p> <ul style="list-style-type: none"> • screening/ equipment Hire • collection and delivery service for products and materials
