

Reduced Membership Fees for Composting Sites in Northern Ireland

January 2007

The Composting Association and Cré are delighted to announce a reduced membership fee of 30% for composting sites in Northern Ireland, who want to be members of both associations.

Normal membership fees will apply if a composting site is a member of only one association.

This reduced membership rate will enable composting sites in Northern Ireland to avail of all the benefits the two associations offers it's members.
